

2018 Current Fiscal Year Report: National Institute of General Medical Sciences Special Emphasis Panel

Report Run Date: 06/20/2019 03:02:07 AM

1. Department or Agency Department of Health and Human Services	2. Fiscal Year 2018
3. Committee or Subcommittee National Institute of General Medical Sciences Special Emphasis Panel	3b. GSA Committee No. 1962

4. Is this New During Fiscal Year? No	5. Current Charter 09/30/1994	6. Expected Renewal Date	7. Expected Term Date
---	---	---------------------------------	------------------------------

8a. Was Terminated During Fiscal Year? No	8b. Specific Termination Authority	8c. Actual Term Date
---	---	-----------------------------

9. Agency Recommendation for Next Fiscal Year Continue	10a. Legislation Req to Terminate? Not Applicable	10b. Legislation Pending? Not Applicable
--	---	--

11. Establishment Authority Authorized by Law

12. Specific Establishment Authority 42 USC 282(b)(16)	13. Effective Date 11/20/1985	14. Committee Type Continuing	14c. Presidential? No
--	---	---	---------------------------------

15. Description of Committee Special Emphasis Panel

16a. Total Number of Reports No Reports for this Fiscal Year

17a. Open 0 **17b. Closed** 36 **17c. Partially Closed** 0 **Other Activities** 0 **17d. Total** 36

Number of Committee Meetings Listed: 36

	Current FY	Next FY
18a(1). Personnel Pmts to Non-Federal Members	\$148,400.00	\$148,400.00
18a(2). Personnel Pmts to Federal Members	\$0.00	\$0.00
18a(3). Personnel Pmts to Federal Staff	\$1,796,499.00	\$1,985,022.00
18a(4). Personnel Pmts to Non-Member Consultants	\$3,600.00	\$3,600.00
18b(1). Travel and Per Diem to Non-Federal Members	\$361,140.00	\$367,489.00
18b(2). Travel and Per Diem to Federal Members	\$0.00	\$0.00
18b(3). Travel and Per Diem to Federal Staff	\$0.00	\$0.00
18b(4). Travel and Per Diem to Non-member Consultants	\$9,752.00	\$9,925.00
18c. Other(rents,user charges, graphics, printing, mail, etc.)	\$68,553.00	\$69,924.00
18d. Total	\$2,387,944.00	\$2,584,360.00
19. Federal Staff Support Years (FTE)	12.00	12.00

20a. How does the Committee accomplish its purpose?

Section 492 of the PHS Act states that The Secretary...shall by regulation require appropriate technical and scientific peer review of -- (A) applications...; and (B) biomedical and behavioral research and development contracts... This committee is composed of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications and contract proposals in genetics, developmental biology, cell biology, molecular biology, biophysics, chemistry, biochemistry, physiology and pharmacological sciences. Operation of this committee is accomplished using a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. During this reporting

period the committee reviewed 1206 applications requesting \$1,734,100,564.

20b. How does the Committee balance its membership?

This committee has a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. The reviewers for each meeting are selected to evaluate grant applications or contract proposals for a specific, perhaps narrow, expertise area. Participants for each meeting are assembled to most efficiently and effectively cover the number and breadth of applications or contracts requiring review.

20c. How frequent and relevant are the Committee Meetings?

The National Institute of General Medical Sciences Special Emphasis Panel held 36 meetings during this reporting period. The flexibility in review allowed by this committee structure has proved both efficient and effective. Members also participated in other activities such as several non-FACA working groups (site visits).

20d. Why can't the advice or information this committee provides be obtained elsewhere?

This committee is composed of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications and contract proposals. These evaluations and recommendations cannot be obtained from other sources because the specialized, complex nature of the applications and proposals requires a unique balance and breadth of expertise not available on the NIH staff or from other established sources.

20e. Why is it necessary to close and/or partially closed committee meetings?

The meetings of the National Institute of General Medical Sciences Special Emphasis Panel were closed to the public for the review of grant applications. Sections 552b(c)(4) and 552b(c)(6) of the Government in the Sunshine Act permit the closing of meetings where discussion could reveal confidential trade secrets or commercial property such as patentable material and personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

21. Remarks

The Decision Maker of the Committee also functions as DFO, based on delegations of authority and assigned duties in this Institute. Due to the large number of members associated with this specific committee, NIH is not able to comply with the Committee Management Secretariat's requirement to supply zip codes for individual members.

Current individual meeting rosters (including zip codes) are available on line at: <http://public.era.nih.gov/pubroster>. Past individual meeting Rosters are available by contacting the DFO. Individual emails are also not listed as there are too many members to facilitate compliance with requirement. Reports: This committee did not produce any public reports during this fiscal year.

Designated Federal Officer

Narrative Description

The goal of NIH research is to acquire new knowledge to help prevent, detect, diagnose, and treat disease and disability, from the rarest genetic disorder to the common cold. The NIH mission is to uncover new knowledge that will lead to better health for everyone. NIH works toward that mission by supporting the research of non-Federal scientists in universities, medical schools, hospitals, and research institutions throughout the country and abroad. Section 492 of the PHS Act states that The Secretary...shall by regulation require appropriate technical and scientific peer review of -- (A) applications; and (B) biomedical and behavioral research and development contracts. This committee will be composed of recognized biomedical and behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications (and/or contract proposals) that focus on scientific areas relevant to broad areas of biomedical research and the behavioral sciences, such as genetics, developmental biology, cell biology, molecular biology, biophysics, chemistry, biochemistry, physiology and pharmacological sciences. Operations of this committee are accomplished using a fluid membership with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. During this reporting period, the committee provided state-of-the-art scientific peer review in support of research supported by the Institute insuring that the momentum of scientific research in the biomedical and behavioral fields remains strong so that innovations and advances may be developed to benefit the health and well-being of the public.

What are the most significant program outcomes associated with this committee?

Checked if Applies

- Improvements to health or safety
- Trust in government
- Major policy changes
- Advance in scientific research
- Effective grant making
- Improved service delivery
- Increased customer satisfaction

- Implementation of laws or regulatory requirements
- Other

Outcome Comments

NA

What are the cost savings associated with this committee?

Checked if Applies

- None
- Unable to Determine
- Under \$100,000
- \$100,000 - \$500,000
- \$500,001 - \$1,000,000
- \$1,000,001 - \$5,000,000
- \$5,000,001 - \$10,000,000
- Over \$10,000,000
- Cost Savings Other

Cost Savings Comments

NIH supported basic and clinical research accomplishments which often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

21,897

Number of Recommendations Comments

Grant review

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine scientific and technical merit of the individual grants or contracts. These recommendations are forwarded to Federal officials who generally accept the committee's recommendations

and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that are favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine scientific and technical merit of the individual grants or contracts. These recommendations are forwarded to Federal officials who generally accept the committee's recommendations and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that are favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes No Not Applicable

Agency Feedback Comments

No

What other actions has the agency taken as a result of the committee's advice or recommendation?

	Checked if Applies
Reorganized Priorities	<input type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

Action Comments

An action of approved or recommended for grants receiving initial peer review by this

committee does not infer that the grant will be or has been funded. Research grant applications submitted to NIH must go through a two-step review process that includes the initial peer review for scientific and technical merit and a second step of review and approval by a National Advisory Council for program relevance. In addition, prior to an award or funding being made, NIH staff must conduct an administrative review for a number of other considerations. These include alignment with NIH's funding principles, review of the project budget, assessment of the applicant's management systems, determination of applicant eligibility, and compliance with public policy requirements. After all these steps have been completed, NIH officials make funding decisions on individual grant applications.

Is the Committee engaged in the review of applications for grants?

Yes

What is the estimated Number of grants reviewed for approval	1,206
What is the estimated Number of grants recommended for approval	1,206
What is the estimated Dollar Value of grants recommended for approval	\$1,734,100,564

Grant Review Comments

NA
