

## 2022 Current Fiscal Year Report: Neurological Sciences Training Initial Review Group

Report Run Date: 02/04/2023 08:27:40 AM

### 1. Department or Agency

Department of Health and Human Services

### 2. Fiscal Year

2022

### 3. Committee or Subcommittee

Neurological Sciences Training Initial Review Group

### 3b. GSA

#### Committee No.

1037

### 4. Is this New During Fiscal Year?

No

### 5. Current Charter

02/18/1999

### 6. Expected Renewal Date

### 7. Expected Term Date

### 8a. Was Terminated During Fiscal Year?

No

### 8b. Specific Termination Authority

### 8c. Actual Term Date

### 9. Agency

#### Recommendation for Next Fiscal Year

Continue

### 10a. Legislation Req to Terminate?

Not Applicable

### 10b. Legislation Pending?

Not Applicable

### 11. Establishment Authority Authorized by Law

#### 12. Specific Establishment Authority

42 U.S.C. 282(b)(16)

#### 13. Effective Date

11/20/1985

#### 14. Committee Type

Continuing

#### 14c. Presidential?

No

### 15. Description of Committee

#### 16a. Total

#### Number of Reports

No Reports for this Fiscal Year

#### 17a.

<b>18b(4). Travel and Per Diem to Non-member Consultants</b>	\$0.00	\$0.00
<b>18c. Other(rents,user charges, graphics, printing, mail, etc.)</b>	\$0.00	\$57,103.00
<b>18d. Total</b>	\$484,688.00	\$750,474.00
<b>19. Federal Staff Support Years (FTE)</b>	2.40	2.40

**20a. How does the Committee accomplish its purpose?**

Section 492 of the PHS Act states that The Secretary shall by regulation require appropriate technical and scientific peer review of (A) applications and (B) biomedical and behavioral

research and development contracts. This committee is composed of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications. They are selected for their training, experience and expertise in the neurological clinical sciences and the neurological basic sciences. The committee reviews all research career development award applications, individual predoctoral M.D./Ph.D. F31 applications, and the NIH Pathway to Independence Award (K99/R00) applications related to neurological disorders. During this reporting period the committee reviewed 348 applications requesting \$231,300,704 in total direct costs.

**20b. How does the Committee balance its membership?**

The members of this committee are outstanding medical or scientific authorities in basic research and clinical sciences related to neurological impairments such as stroke, multiple sclerosis, Parkinsonism and head and spinal cord injury. These committee members also have had extensive experience in formal and informal training programs.

**20c. How frequent and relevant are the Committee Meetings?**

The Neurological Sciences Training Initial Review Group held six meetings during this reporting period.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

This committee is composed of recognized biomedical and/or behavioral research authorities

who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications. These evaluations and recommendations cannot be obtained from other sources because the specialized, complex nature of the applications and proposals requires a unique balance and breadth of expertise not available on the NIH staff or from other established sources.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

The meetings of the Neurological Sciences Training Initial Review Group were closed to the public for the review of grant applications. Sections 552b(c)(4) and 552b(c)(6) of the Government in the Sunshine Act permit the closing of meetings where discussion could reveal confidential trade secrets or commercial property such as patentable material and personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

**21. Remarks**

This committee did not produce any public reports during the fiscal year. This committee does not have a public website. The DFO and Committee Decision Maker positions are both held by W. Ernest Lyons, Ph.D. He is the Chief, Scientific Review Branch, Division of Extramural Activities, NINDS. As Branch Chief, he is responsible for overseeing the Scientific Review Officers who administer the Initial Review Group meetings. Members: C. Canavier, B. Cummings, G. Garden, J. Medin, N. Quilinan, B. Schuele, T. Schwarz, D. Willis, and D. Zarnescu were inadvertently not reported on the FY2021 report. They have been

added to this report. C. Meinzer and R. Sankar were inadvertently reported as standing members. They have been removed from this report. P. Dougherty was inadvertently coded as chair on the FY2021 report, but was not actually assigned as chair until FY2022. Term start dates for M. Lane, D. Lorenzo, and B. Schilling have been updated to reflect their actual start dates. Term end date for R. Miller has been updated to reflect his actual end date. P. Dougherty and H. Guerrero-Cazares were reappointed and their term end dates have been updated to reflect this. Due to the large number of members serving on this committee, NIH staff are unable to provide additional information on Occupation or Affiliation. Additional information on an individual's affiliation may be obtained by contacting staff listed in this report.

### **Designated Federal Officer**

W. ERNEST LYONS CHIEF, SCIENTIFIC REVIEW BRANCH

**Number of Committee Members Listed: 159**

### **Narrative Description**

Section 492 of the PHS Act states that “The Secretary . . . shall by regulation require appropriate technical and scientific peer review of – (A) applications . . . ; and (B) biomedical and behavioral research and development contracts . . .” This committee is composed of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications. This committee reviews all individual National Research Service Award training grant applications and all research career development award applications. The committee is meeting its mission to provide high-quality, unbiased, and timely scientific reviews of individual

National Research Service Award training grant applications and research career development award applications.

**What are the most significant program outcomes associated with this committee?**

	Checked if Applies
Improvements to health or safety	<input type="checkbox"/>
Trust in government	<input type="checkbox"/>
Major policy changes	<input type="checkbox"/>
Advance in scientific research	<input checked="" type="checkbox"/>
Effective grant making	<input checked="" type="checkbox"/>
Improved service delivery	<input type="checkbox"/>
Increased customer satisfaction	<input type="checkbox"/>
Implementation of laws or regulatory requirements	<input type="checkbox"/>
Other	<input type="checkbox"/>

**Outcome Comments**

The recommendations of this committee are the major basis for NINDS decisions about how to select a subset of highly qualified grant applications for funding.

**What are the cost savings associated with this committee?**

	Checked if Applies
None	<input type="checkbox"/>

**Cost Savings Comments**

NIH supported basic and clinical research accomplishments often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

**What is the approximate Number of recommendations produced by this committee for the life of the committee?**

5,938

**Number of Recommendations Comments**

Grant Review

**What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?**

0%

**% of Recommendations Fully Implemented Comments**

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine scientific and technical merit of the individual grants or contracts. These recommendations are forwarded to Federal officials who generally accept the committee's recommendations and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that are favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

**What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?**

0%

**% of Recommendations Partially Implemented Comments**

NIH Peer Review Committees are involved in the initial review of research grant applications. **Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?**

Yes  No  Not Applicable

### Agency Feedback Comments

Information resulting from closed initial peer review meetings is subject to the Freedom of Information Act. The public can view information on research projects funded by NIH on the RePORT (Research Portfolio Online Reporting Tool) website located at <http://report.nih.gov>.

### What other actions has the agency taken as a result of the committee's advice or recommendation?

	Checked if Applies
Reorganized Priorities	<input type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

### Action Comments

The recommendations of this committee are the major basis for NINDS decisions about how to select a subset of highly qualified grant applications for funding.

### Is the Committee engaged in the review of applications for grants?

Yes

What is the estimated Number of grants reviewed for approval 348

What is the estimated Number of grants recommended for approval 348

What is the estimated Dollar Value of grants recommended for approval \$231,300,704

### Grant Review Comments

These numbers reflect the total number of applications considered (both scored and not discussed) and the dollar amount requested. The committee also provides numerical ratings to indicate the relative merit of the applications that are discussed.

### How is access provided to the information for the Committee's documentation?
