Number of Committee Meetings Listed: 24

	Current FY	Next FY
18a(1). Personnel Pmts to Non-Federal Members	\$116,900.00	\$0.00
18a(2). Personnel Pmts to Federal Members	\$0.00	\$0.00
18a(3). Personnel Pmts to Federal Staff	\$1,089,604.00	\$0.00
18a(4). Personnel Pmts to Non-Member Consultants	\$0.00	\$0.00
18b(1). Travel and Per Diem to Non-Federal Members	\$28,740.00	\$0.00
18b(2). Travel and Per Diem to Federal Members	\$0.00	\$0.00
18b(3). Travel and Per Diem to Federal Staff	\$0.00	\$0.00

18b(4). Travel and Per Diem to Non-member Consultants	\$0.00	\$0.00
18c. Administrative Costs (FRNs, contractor support, In-person/hybrid/virtual meetings)	\$0.00	\$0.00
18d. Other (all other funds not captured by any other cost category)	\$33,880.00	\$0.00
18e. Total Costs	\$1,269,124.00	\$0.00
19. Federal Staff Support Years (FTE)	7.90	0.00

20a. How does the Committee accomplish its purpose?

Section 492 of the PHS Act states that The Secretary...shall by regulation require appropriate technical and scientific peer review of -- (A) applications...; and (B) biomedical and behavioral research and development contracts . . . This committee was composed of recognized biomedical and/or behavioral research authorities who represented the forefront of research and technical knowledge and who provided first-level merit review of highly scientific and technical research grant and cooperative agreement applications and contract proposals for research projects and research training activities in areas relevant to maternal and child health, reproductive and population sciences, intellectual and development disabilities, and medical rehabilitation. Operations of this committee were accomplished using a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. During this reporting period the committee provided state-of-the-art scientific peer review in support of research supported by the

Institute ensuring that the momentum of scientific research in the biomedical and behavioral fields remained strong so that innovations and advances may be developed to benefit the health and well-being of the public. During this reporting period the committee reviewed 437 grant applications requesting \$1,172,748,569.

20b. How does the Committee balance its membership?

This committee had a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. The reviewers for each meeting were selected to provide advice and recommendations on funding applications and proposals, including but not limited to grant and cooperative agreement applications and contract proposals, for research projects and for research and training activities in the broad areas of obstetrics, gynecology, pediatrics, genetics, perinatology, reproductive biology, developmental biology, physiology, biochemistry, endocrinology, nutrition, psychiatry, medical rehabilitation, child development, demography and pharmacology. Participants for each meeting were assembled to most efficiently and effectively cover the number and breadth of applications, contracts, or concepts requiring review.

20c. How frequent and relevant are the Committee Meetings?

The National Institute of Child Health and Human Development Special Emphasis Panel held 24 meetings during this reporting period. The flexibility in review allowed by this committee structure had proved both efficient and effective.

20d. Why can't the advice or information this

committee provides be obtained elsewhere?

Per "2025 Secretary Directive" this FACA Committee has been terminated. This committee was composed of recognized biomedical and behavioral research authorities who represented the forefront of research and technical knowledge and who provided first-level merit review of highly scientific and technical research grant applications and contract proposals. These evaluations and recommendations could not be obtained from other sources because the specialized, complex nature of the applications and proposals required a unique balance and breadth of expertise not available on the NIH staff or from other established sources.

20e. Why is it necessary to close and/or partially closed committee meetings?

The meetings of the National Child Health and Human Development Special Emphasis Panel were closed to the public for the review of grant applications. Sections 552b(c)(4) and 552b(c)(6) of the Government in the Sunshine Act permit the closing of meetings where discussion could reveal confidential trade secrets or commercial property such as patentable material and personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

21. Remarks

Per "2025 Secretary Directive" this FACA Committee has been terminated. Reports: This committee did not produce any public reports. Cmte URL: This committee does not have a public website. The members of this Special Emphasis Panel (SEP) did not have standing appointments and served on an as needed basis for meetings throughout the fiscal year. Therefore, the

members list did not reflect appointment start and end dates. As often as possible, instead of appointment start and end dates, each meeting date on which the SEP member served was identified on the Members list. When necessary to protect peer review integrity, a fiscal year start and end date was used as the alternative to appointment start and end dates for some SEP members. As a result, the Members list, including the number of chairs, may not align or directly match to specific meeting dates. Meeting rosters, including members' affiliations and zip codes were available online at <https://public.era.nih.gov/pubroster/>.

Designated Federal Officer

Joanna Kubler-Kielb Director, Scientific Review Branch

Zhu, Jian	10/01/2024	06/30/2025	Professor	Peer Review Consultant Member

Number of Committee Members Listed: 481

Narrative Description

NIH's mission is to seek fundamental knowledge about the nature

and behavior of living systems and the application of that knowledge to enhance health, lengthen life, and reduce illness and disability. NIH works toward that mission by supporting the research of non-Federal scientists in universities, medical schools, hospitals, and research institutions throughout the country and abroad. Section 492 of the PHS Act states that The Secretary...shall by regulation require appropriate technical and scientific peer review of -(A) applications...; and (B) biomedical and behavioral research and development contracts...

What are the most significant program outcomes associated with this committee?

	Checked if Applies
Improvements to health or safety	<input checked="" type="checkbox"/>
Trust in government	<input checked="" type="checkbox"/>
Major policy changes	<input type="checkbox"/>
Advance in scientific research	<input checked="" type="checkbox"/>
Effective grant making	<input checked="" type="checkbox"/>
Improved service delivery	<input checked="" type="checkbox"/>
Increased customer satisfaction	<input checked="" type="checkbox"/>
Implementation of laws or regulatory requirements	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

Outcome Comments

NA

What are the cost savings associated with this committee?

	Checked if Applies
None	<input type="checkbox"/>
Unable to Determine	<input checked="" type="checkbox"/>
Under \$100,000	<input type="checkbox"/>
\$100,000 - \$500,000	<input type="checkbox"/>
\$500,001 - \$1,000,000	<input type="checkbox"/>
\$1,000,001 - \$5,000,000	<input type="checkbox"/>
\$5,000,001 - \$10,000,000	<input type="checkbox"/>
Over \$10,000,000	<input type="checkbox"/>

Cost Savings Comments

NIH supported basic and clinical research accomplishments often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

15,237

Number of Recommendations Comments

Total number of recommendations for FY25 was 437.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

NIH Peer Review Committees were involved in the initial review of research grant applications. The NIH dual peer review system was mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee was to determine scientific and technical merit of the individual grants or contracts. These recommendations were forwarded to Federal officials who generally accepted the committee's recommendations and favorable applications were then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that were favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

NIH Peer Review Committees were involved in the initial review of research grant applications. The NIH dual peer review system was mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee was to determine scientific and technical merit of the individual grants or contracts. These recommendations were forwarded to Federal officials who generally accepted the committee's recommendations and favorable applications were then forwarded for the

second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that were favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes No Not Applicable

Agency Feedback Comments

Information resulting from closed initial peer review meetings was subject to the Freedom of Information Act. The public can view information on research projects funded by NIH on the RePORT (Research Portfolio Online Reporting Tool) website located at <http://report.nih.gov>.

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

Reorganized Priorities	<input type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

Action Comments

An action of "approved" or "recommended" for grants receiving initial peer review by this committee did not infer that the grant will be or has been funded. Research grant applications submitted to NIH must go through a two-step review process that included the initial peer review for scientific and technical merit and a second step of review and approval by a National Advisory Council for program relevance. In addition, prior to an award or funding being made, NIH staff must conduct an administrative review for a number of other considerations. These included alignment with NIH's funding principles, review of the project budget, assessment of the applicant's management systems, determination of applicant eligibility, and compliance with public policy requirements. After all these steps have been completed, NIH officials made funding decisions on individual grant applications.

Is the Committee engaged in the review of applications for grants?

Yes

What is the estimated **Number** of grants reviewed for approval 437

What is the estimated **Number** of grants recommended for approval 437

What is the estimated **Dollar Value** of grants recommended for approval \$1,172,748,569
