<b>18d. Total</b>	\$0.00	\$0.00
<b>19. Federal Staff Support Years (FTE)</b>	0.00	0.00

### 20a. How does the Committee accomplish its purpose?

The National Navigation Safety Advisory Committee (NNAVSAC) provides advice and recommendations to the Secretary of the Department of Homeland Security (DHS), through the Commandant, U.S. Coast Guard, on matters relating to maritime collisions, ramming's, and groundings; Inland Rules of the Road; International Rules of the Road; navigation regulations and equipment; routing measures;

marine information; and aids to navigation systems.

**20b. How does the Committee balance its membership?**

NNAVSAC is composed of not more than 21 members who are appointed by and serve at the pleasure of the Secretary of DHS. Each member shall have particular expertise, knowledge and experience in maritime collisions, rammings, and groundings; Inland Rules of the Road; International Rules of the Road; navigation regulations and equipment; routing measures; marine information; and aids to navigation systems. To assure balanced representation, members shall be appointed to represent the viewpoints and interests of one of the following groups or organizations, and at least one member shall be appointed to represent each membership category: (a) Commercial vessel owners or operators; (b) Professional mariners; (c) Recreational boaters; (d) the recreational boating industry; (e) State agencies responsible for vessel or port safety; and (f) The Maritime Law Association. Additional persons may be appointed to panels of the Committee to assist the Committee in the performance of its functions.

**20c. How frequent and relevant are the Committee Meetings?**

NNAVSAC normally meets twice a year; once in the spring and once in the fall. NNAVSAC's recommendations on important issues often form the basis for regulatory changes. The US Coast Guard's review of safety issues requires continued access to NNAVSAC's expertise and advice. NNAVSAC has proven to be an effective forum for developing consensus on contentious issues. In FY23, a hybrid meeting was held in the spring and

a virtual meeting was held in the summer.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

NNAVSAC's broad representation provides the US Coast Guard a forum that is otherwise unavailable to evaluate the impact of proposed US Coast Guard actions, to identify navigation safety issues needing US Coast Guard attention, and to generate informed solutions to navigation safety issues. Because of the expertise of Committee members and its reputation in the maritime community, NNAVSAC has become a forum where members of the public bring contentious issues for advice.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

N/A

**21. Remarks**

Under 46 U.S.C. § 15109(m), the Committee is authorized to continue until September 30, 2029.

**Designated Federal Officer**

Steven Ramassini Chief, Office of Navigation Systems

**Number of Committee Members Listed: 21**

### **Narrative Description**

Task Statements 21-01, 23-02, and 23-03 were resolved and Task Statement 23-01 was partially resolved during the spring hybrid meeting. The Committee met virtually in the summer to finalize the resolution for Task Statement 23-01.

**What are the most significant program outcomes associated with this committee?**

Checked if  
Applies

Improvements to health or safety

Trust in government

Major policy changes

Advance in scientific research	<input type="checkbox"/>
Effective grant making	<input type="checkbox"/>
Improved service delivery	<input checked="" type="checkbox"/>
Increased customer satisfaction	<input checked="" type="checkbox"/>
Implementation of laws or regulatory requirements	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

### Outcome Comments

The Committee advises the US Coast Guard of safety of navigation issues that may be used to formulate regulatory proposals. It also serves as to inform their constituent interest groups of agency actions and recommendations.

### What are the cost savings associated with this committee?

Checked if Applies

None	<input type="checkbox"/>
Unable to Determine	<input checked="" type="checkbox"/>
Under \$100,000	<input type="checkbox"/>
\$100,000 - \$500,000	<input type="checkbox"/>
\$500,001 - \$1,000,000	<input type="checkbox"/>
\$1,000,001 - \$5,000,000	<input type="checkbox"/>
\$5,000,001 - \$10,000,000	<input type="checkbox"/>
Over \$10,000,000	<input type="checkbox"/>
Cost Savings Other	<input type="checkbox"/>

### Cost Savings Comments

N/A

### What is the approximate Number of recommendations produced by this committee for the life of the committee?

7

### Number of Recommendations Comments

The Coast Guard presented three new task statements to the Committee: NNAVSAC Task Statement 23-01: Review of Draft Navigation and Vessel Inspection Circular (NVIC) on Navigation Safety in and around Offshore Renewable Energy Installations (OREI). NNAVSAC Task Statement 23-02: Defining the term “prudent mariner” referenced in the regulations, on nautical charts and in navigation publications. NNAVSAC Task Statement

23-03: Recommendation to clarify the term “crosses a navigational channel” as used in Rules of the Road, Rule 27. All three were resolved, in addition to one task statement from 2021: NNAVSAC Task Statement 21-01: Electronic Charts and Navigational Equipment Carriage Requirements

**What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?**

100%

**% of Recommendations Fully Implemented Comments**

In FY23, five Task Statements were resolved and accepted for implementation. NNAVSAC Resolution 23-02: The Committee provided NNAVSAC Resolution 23-02 which defined the term “prudent mariner” referenced in the regulations, on nautical charts and in navigation publications. The Coast Guard accepted the definition and will utilize it if/when queried about the term in our regulations and publications. NNAVSAC Resolution 23-03: The Committee provided NNAVSAC Resolution 23-03 which clarified the term “crosses a navigational channel” as used in Rules of the Road, Rule 27. In addition, the resolution recommended that 33 CFR 83.27 be revised to remove special lighting methods. The Coast Guard accepted the resolution and will amend the Rules of the Road in a future rulemaking. NNAVSAC Resolution 21-01 and Annex A: The Committee provided NNAVSAC Resolution 21-01 entitled “Electronic Charts and Navigational Equipment Carriage Requirements” which included five (5) recommendations for the implementation and maintenance of an electronic chart system that should be, at a minimum, equivalent to a paper chart inventory or vice versa. The Coast Guard accepted the resolution and Annex A and will include input from the resolution and Annex in a future rulemaking. NNAVSAC Resolution 23-01A: The Committee provided NNAVSAC Resolution 23-01A entitled “Review of Draft Navigation and Vessel Inspection Circular (NVIC) on Navigation Safety in and around Offshore Renewable Energy Installations (OREI)”. The resolution acknowledged the review and provided a draft NVIC and recommended the Coast Guard use the draft as a final NVIC.

**What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?**

0%

**% of Recommendations Partially Implemented Comments**

N/A

**Does the agency provide the committee with feedback regarding actions taken to**

**implement recommendations or advice offered?**

Yes ☒ No ☐ Not Applicable ☐

**Agency Feedback Comments**

The US Coast Guard provides feedback on the status of all NNAVSAC recommendations at subsequent meetings.

**What other actions has the agency taken as a result of the committee's advice or recommendation?**

Checked if Applies

Reorganized Priorities	<input checked="" type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input checked="" type="checkbox"/>
Proposed legislation	<input checked="" type="checkbox"/>
Approved grants or other payments	<input type="checkbox"/>
