20a. How does the Committee accomplish its purpose?

The BoV MCU shall provide independent advice and recommendations on matters pertaining to the Marine Corps University, as set forth in Section 4 of the BoV MCU charter: Description of Duties: The BoV MCU, pursuant to 10 U.S.C. § 8592(d), shall provide the Secretary of Defense and/or the Deputy Secretary of Defense, through the Secretary of the Navy, independent advice and recommendations on matters pertaining to: a. U.S. Marine Corps Professional Military Education; b. all aspects of the academic and administrative policies of the University; c. higher educational

standards and cost effective operations of the University

20b. How does the Committee balance its membership?

The BoV MCU members shall be eminent authorities in the fields of defense, academic administration, international affairs and/or leadership.

20c. How frequent and relevant are the Committee Meetings?

The BoV MCU Charter requires one meeting each year; however, the BoV MCU generally meets twice each year with Administrative and Preparatory Meetings being held as deemed necessary by the Designated Federal Officer, in consultation President of Marine Corps University, the Commanding General of Marine Corps Training and Education Command, and the BoV MCU's Chair. The meetings are necessary and relevant to the operation of the University's educational and research programs and to the achievement of regional accreditation, as required by statute.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

10 U.S.C. § 8592(d) mandates the BoV MCU as a requirement for regional accreditation. The Commission on Colleges Southern Association of Colleges and Schools, the University's regional accrediting agency, mandates the existence of such a board. The members of the BoV MCU provide advice and recommendations based on their diversity as evidenced in their occupations, educational credentials and backgrounds, and career work experiences. Civilian and military members of the University do not possess this

diversity and are unable to lend these varied experiences.

20e. Why is it necessary to close and/or partially closed committee meetings?

Meetings are not closed to the public unless the Department of Defense determines that items on the planned agenda meet the closed-meeting provisions of 5 U.S.C. § 552b(c). Pursuant to DoD policy closed meetings can only be authorized by the DoD Sponsor, who is the Secretary of the Navy, and only after consultation with the appropriate General Counsel.

Narrative Description

The MCU BOV was established to provide advice and recommendations to the Secretary of Defense and/or the Deputy Secretary of Defense, through the Secretary of the Navy, on matters pertaining to the U.S. Marine Corps Professional Military Education, all aspects of the academic and administrative policies of the University, higher education standards and cost-effective operations of the University, and the operation and accreditation of the National Museum of the Marine Corps. The BoV MCU supports the University's mission and strategic plan by reviewing each and ensuring they are reflective of Marine Corps' goals and offer the appropriate higher-education focus. The BoV MCU provides oversight and advice to facilitate higher educational standards and cost effective operations. The existence of the BoV MCU is mandated by the University's regional accrediting agency, the Southern Association of Colleges and Schools Commission on Colleges, which requires a governing board for oversight of each of its universities and is established by statute.

Cost Savings Comments

The benefits generated by the BoV MCU are not necessarily associated with cost savings as the BoV MCU focuses on educational elements of Professional Military Education, the benefits accrued relate to student learning.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

366

Number of Recommendations Comments

Spring 2024 The Board Chair, Dr. Henderson, made a motion that resources be allocated for SACSCOC accreditation, specifically for the QEP and Dr. Linn seconded the vote. All Board members agreed. Spring 2023 1. Concerned with the inconsistency between the priority on Professional Military Education contained in Training and Education 2030 and the Secretary of the Navy's (SENAV) Directed Actions Memo and the decision by Marine Corps Programs and resources to cut 36 of 136 civilian full-time equivalents from professional development from FY23 – FY29, the Board recommends the Service reexamine the impact of those cuts to mission requirements. AMB Jones made the recommendation; SGTMAJ Marquez (USMC Ret.) seconded. All of the members concurred. 2. In order to achieve the mission outlined in Training and Education 2030 and the SECNAV directed actions, the Board recommends the Marine Corps fund the modernization of enlisted PME, including the Senior Enlisted Blended Seminar Program and the slated Enlisted Leaders Orientation Course. Dr. Linn made the motion and Dr. Gullickson seconded. All of the BOV members concurred. 3. Enlisted Education and preparing for future competition is greatly enhanced by the presence of sailors in Enlisted PME. The Board recommends the Navy increase enlisted sailor student population in the College of Enlisted Military Education and the Marine Corps Senior Enlisted Academy. LtGen Reynolds (USMC, Ret.) made the motion; Dr. Stent seconded. All of the BOV members concurred Fall 2023 The Board made one recommendation as follows: The Board of Visitors was incredibly impressed with the caliber of the students and faculty at SNCOA Camp Pendleton, but observed sub-par learning conditions that are detrimental to the school's ability to teach and students' ability to learn. This includes inadequate Wi-Fi to support student access of course materials, hazardous conditions in learning spaces due to carpet tears and upholstery decay, and persistent HVAC failures. Further, there are conditions detrimental to Marines' health and wellbeing, such as mold, a lack of hygiene areas, and water intrusion. The Board recommends MCU develop a prioritized assessment of mission requirements, including facility's needs, across all MCU programs and locations to discuss at the Spring 2024 meeting. Dr. Linn made a Motion to approve this recommendation and Dr. Stent seconded the Motion. The Recommendation was unanimously approved.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

72%

% of Recommendations Fully Implemented Comments

72% = Taken from overall average of recommendations fully implemented since 2003. Some records from 1990s were not available either via electronically nor by hard copies so that this is a percentage based on the information readily available. Recommendations

are fully implemented when possible; however, otherwise BoV MCU members make "suggestion" which are tabled for potential recommendations later when implementation is possible.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?
