20a. How does the Committee accomplish its purpose?

Section 402(b)(9) of the Public Health Service Act states that "the Director, NIH...shall assure that research at...the National Institutes of Health is subject to review in accordance with section 492."

Section 492(b) states that the "Director of NIH shall establish procedures for periodic technical and scientific peer review of research at the National Institutes of Health. The mission of the Board of Scientific Counselors is to assess the quality of the Institute's intramural research programs and to evaluate the productivity and

performance of intramural scientists and shall also, as requested by the Director, NIH, undertake peer review of extramural funding applications as required by section 492 of the Public Health Service Act, as amended.” The Board is composed of scientific and technical experts. The Board continues to provide indispensable evaluation and advisory functions in the science management of the intramural research programs. Besides the formal meetings for peer review of each laboratory, the chairman and individual Board members are frequently consulted for advice on staff appointments and program development. The actions of the laboratories reviewed are in keeping with the recommendations of the Board. The Board provides the National Advisory Allergy and Infectious Diseases Council with a review and description of its activities. During FY 2024 the Board made 13 recommendations concerning individual labs and tenure track investigators.

20b. How does the Committee balance its membership?

The Board consists of approximately 12 members who are outstanding authorities knowledgeable in the specialized fields of microbiology, immunology, and clinical research allergy and infectious diseases. The advisory role of the board is scientific and substantive. The Board, through periodic visits to the laboratories, assesses the research in progress and evaluates productivity and performance of staff scientists.

20c. How frequent and relevant are the Committee Meetings?

The Board met two times, December 11-13, 2023, and June 10-12, 2024, during this reporting period. The Board holds approximately two formal

meetings each year for the peer review of intramural laboratories on a rotating basis as required by the PHS Act.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

This Board is composed entirely of recognized biomedical and/or behavioral research authorities from outside the NIH in order to secure unbiased and objective evaluation of intramural research programs. Their recommendations are invaluable because the complex nature of research in each laboratory requires a unique balance and breadth of expertise not available on the NIH staff or from other established resources.

20e. Why is it necessary to close and/or partially closed committee meetings?

The meetings of the Board of Scientific Counselors, NIAID, were closed for the review, discussion, and evaluation of individual programs and projects conducted by the Institute, including consideration of personnel qualifications and performance, the competence of individual investigators, and similar items, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. Section 552b(c)(6) of the Government in the Sunshine Act permits the closing of meetings where discussion could reveal personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

21. Remarks

Committee Function: Other - Peer review of intramural research laboratories and personnel.

Reports: This committee did not produce any public reports during the fiscal year. The DFO and Decision Maker positions are held by the same

person, the Director, Division of Intramural Research, NIAID. The Board makes recommendations on Intramural lab and confidential personnel matters and the Institute Director has decided that federal staff involvement will be minimal. Dr. Katherine Fitzgerald was reassigned from regular member to serve as Chair from July 1, 2023 to June 30, 2024. Member Dr. Michael L. Diamond was reassigned from regular member to serve as Chair from July 1, 2024 to June 30, 2027. While the committee Charter authorizes up to 12 SGE members, an approved nominee on the 2023 Slate, Dr. Adaora Adimora, declined the invitation. This is why the Charter states 12 potential members, but this ACR lists only 11 current members.

Designated Federal Officer

Steven M. Holland Director, Division of Intramural Research

Committee Members	Start	End	Occupation	Member Designation
August, Avery	11/17/2024	03/24/2025	Professor of Immunology	Special Government Employee (SGE) Member

Number of Committee Members Listed: 11

Narrative Description

NIH's mission is to seek fundamental knowledge about the nature and behavior of living systems and the application of that knowledge to enhance health, lengthen life, and reduce illness and disability. NIH works toward that mission by conducting research in its own laboratories. The mission of the Board of Scientific Counselors is to assess the quality of the Institute's intramural research programs and to evaluate the productivity and performance of intramural scientists in accordance with Section 492(b) of the PHS Act, as amended and shall also, as requested by the Director, NIH, undertake peer review of extramural funding applications as required by section 492(a) of the Public Health

Service Act, as amended.

What are the most significant program outcomes associated with this committee?

Checked if
Applies

- | | |
|---|-------------------------------------|
| Improvements to health or safety | <input type="checkbox"/> |
| Trust in government | <input checked="" type="checkbox"/> |
| Major policy changes | <input type="checkbox"/> |
| Advance in scientific research | <input checked="" type="checkbox"/> |
| Effective grant making | <input type="checkbox"/> |
| Improved service delivery | <input type="checkbox"/> |
| Increased customer satisfaction | <input type="checkbox"/> |
| Implementation of laws or regulatory requirements | <input type="checkbox"/> |
| Other | <input type="checkbox"/> |

Outcome Comments

NA

What are the cost savings associated with this committee?

Checked if Applies

- | | |
|----------------------------|-------------------------------------|
| None | <input type="checkbox"/> |
| Unable to Determine | <input checked="" type="checkbox"/> |
| Under \$100,000 | <input type="checkbox"/> |
| \$100,000 - \$500,000 | <input type="checkbox"/> |
| \$500,001 - \$1,000,000 | <input type="checkbox"/> |
| \$1,000,001 - \$5,000,000 | <input type="checkbox"/> |
| \$5,000,001 - \$10,000,000 | <input type="checkbox"/> |
| Over \$10,000,000 | <input type="checkbox"/> |
| Cost Savings Other | <input type="checkbox"/> |

Cost Savings Comments

NIH supported basic and clinical research accomplishments often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

Number of Recommendations Comments

The Board made 13 recommendations concerning the laboratories that were reviewed.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

Information on the research funded by NIH is available through the RePORT (Research Portfolio Online Reporting Tool) website. RePORT provides access to reports, data, and analyses of NIH research activities that advance the mission of the NIH, including information on NIH expenditures, strategic plans, reports on NIH funding, and reports on the organization and people involved in NIH research and research training. The RePORT website is located at <http://report.nih.gov>.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

Information on the research funded by NIH is available through the RePORT (Research Portfolio Online Reporting Tool) website. RePORT provides access to reports, data, and analyses of NIH research activities that advance the mission of the NIH, including information on NIH expenditures, strategic plans, reports on NIH funding, and reports on the organization and people involved in NIH research and research training. The RePORT website is located at <http://report.nih.gov>.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☒ No ☐ Not Applicable ☐

Agency Feedback Comments

Information resulting from closed Board of Scientific Counselors meetings is subject to the Freedom of Information Act. The public can view information on NIH Intramural Research Reports found on the NIH Intramural Research Sourcebook website located at <https://oir.nih.gov/sourcebook/intramural-research-communications-resources/annual-reports-bit>

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

- | | |
|-----------------------------------|-------------------------------------|
| Reorganized Priorities | <input type="checkbox"/> |
| Reallocated resources | <input type="checkbox"/> |
| Issued new regulation | <input type="checkbox"/> |
| Proposed legislation | <input type="checkbox"/> |
| Approved grants or other payments | <input type="checkbox"/> |
| Other | <input checked="" type="checkbox"/> |

Action Comments

The Scientific Director and other NIH officials use the recommendations made by the BSC in evaluating the quality of the intramural research programs including scientific priorities and resources available. No changes were made to existing laboratory research priorities or resources.

Is the Committee engaged in the review of applications for grants?

No

Grant Review Comments

Although grant reviews are included in the duties of this Board, there were no grant reviews performed during this fiscal year.

How is access provided to the information for the Committee's documentation?
