Number of Committee Meetings Listed: 13

	Current FY	Next FY
18a(1). Personnel Pmts to Non-Federal Members	\$164,500.00	\$0.00
18a(2). Personnel Pmts to Federal Members	\$0.00	\$0.00
18a(3). Personnel Pmts to Federal Staff	\$1,961,241.00	\$0.00
18a(4). Personnel Pmts to Non-Member Consultants	\$41,000.00	\$0.00
18b(1). Travel and Per Diem to Non-Federal Members	\$134,557.00	\$0.00
18b(2). Travel and Per Diem to Federal Members	\$0.00	\$0.00
18b(3). Travel and Per Diem to Federal Staff	\$0.00	\$0.00
18b(4). Travel and Per Diem to Non-member Consultants	\$0.00	\$0.00
18c. Administrative Costs (FRNs, contractor support, In-person/hybrid/virtual meetings)	\$0.00	\$0.00
18d. Other (all other funds not captured by any other cost category)	\$44,922.00	\$0.00
18e. Total Costs	\$2,346,220.00	\$0.00
19. Federal Staff Support Years (FTE)	15.30	0.00

20a. How does the Committee accomplish its purpose?

This committee was composed of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of funding applications and proposals, including but not limited to grant and cooperative agreement applications and contract proposals for research projects and for research and training activities in areas relevant to heart, blood vessel, lung, and blood diseases, sleep disorders, and blood resource management. During this reporting period the committee reviewed 456 applications requesting \$1,133,813,355

20b. How does the Committee balance its membership?

The members of this committee were authorities knowledgeable in the various disciplines and fields relating to heart, blood vessel, lung, and blood diseases, sleep disorders, and blood resources management.

20c. How frequent and relevant are the Committee Meetings?

The committee held 13 meetings during this reporting period. Workgroup reviews were meetings held to assess the scientific merit of individual sub-projects in multi-project applications and to make recommendations to the chartered committee. The chartered committee then provides the initial review for the project as a whole. There were 56 workgroup meetings.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

Per "2025 Secretary Directive" this FACA

Committee has been terminated.

20e. Why is it necessary to close and/or partially closed committee meetings?

The meetings of the committee were closed to the public for the review of grant applications. Sections 552b(c)(4) and 552b(c)(6) of the Government in the Sunshine Act permit the closing of meetings where discussion could reveal confidential trade secrets or commercial property such as patentable material and personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

21. Remarks

Per "2025 Secretary Directive" this FACA Committee has been terminated. This committee did not have a website. This committee did not produce any reports. The DFO and the Committee Decision Maker positions were held by the same individual based on the assignment of duties within the Institute. Dr. Petter Morris resigned on October 29, 2024. Dr. Sally Campbell-Lee resigned on December 7, 2024. Dr. Moore Shoemaker resigned on December 9, 2024. Dr. Blanca Himes resigned on December 12, 2024. Dr. Jennifer Taylor-Cousar served with a term date July 1, 2023 to June 30, 2027 was inadvertently not included in the FY23 and FY24 reports. It has been corrected on this report. Dr. Christy Avery was reappointed to serve as member for additional two years with a term date July 1, 2023 to June 30, 2025. Dr. Maria Barnes' original appointment term was July 1, 2023 to June 30, 2024. It was extended until June 30, 2027; however, since this committee was terminated, her end date is now June 30, 2025. In general, initial/integrated review group (IRG)

members served up to six years, which is documented in the Members list. Temporary members were individuals recruited based on expertise needed for each meeting. Some temporary members may have attended one meeting only while others may have attended multiple meetings. Instead of appointment start and end dates, each meeting date on which the temporary member served is identified on the Members list.

Designated Federal Officer

Charles W Joyce Scientific Review Officer

Number of Committee Members Listed: 252

Narrative Description

NIH's mission is to seek fundamental knowledge about the nature and behavior of living systems and the application of that knowledge to enhance health, lengthen life, and reduce illness and disability. NIH worked toward that mission by supporting the research of non-federal scientists in universities, medical schools, hospitals, and research institutions throughout the country and abroad. Section 492 of the PHS Act states that The Secretary... shall by regulations require appropriate technical and scientific peer review of (A) applications...; and (B) biomedical and behavioral research and development contracts...

What are the most significant program outcomes associated with this committee?

	Checked if Applies
Improvements to health or safety	<input type="checkbox"/>
Trust in government	<input type="checkbox"/>
Major policy changes	<input type="checkbox"/>
Advance in scientific research	<input checked="" type="checkbox"/>
Effective grant making	<input checked="" type="checkbox"/>

- Improved service delivery
- Increased customer satisfaction
- Implementation of laws or regulatory requirements
- Other

Outcome Comments

Not Applicable

What are the cost savings associated with this committee?

Checked if Applies

- None
- Unable to Determine
- Under \$100,000
- \$100,000 - \$500,000
- \$500,001 - \$1,000,000
- \$1,000,001 - \$5,000,000
- \$5,000,001 - \$10,000,000
- Over \$10,000,000
- Cost Savings Other

Cost Savings Comments

NIH-supported basic and clinical research accomplishments often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

9,987

Number of Recommendations Comments

Grant Review

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

NIH Peer Review Committees were involved in the initial review of research grant

applications. The NIH dual peer review system was mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee was to determine scientific and technical merit of the individual grants or contracts. These recommendations were forwarded to Federal officials who generally accept the committee's recommendations and favorable applications were then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that were favorably recommended by both the initial peer review committee and the Advisory Council were recommended for funding.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

NIH Peer Review Committees were involved in the initial review of research grant applications. The NIH dual peer review system was mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine scientific and technical merit of the individual grants or contracts. These recommendations were forwarded to Federal officials who generally accept the committee's recommendations and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that were favorably recommended by both the initial peer review committee and the Advisory Council were recommended for funding.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes No Not Applicable

Agency Feedback Comments

Information resulting from closed initial peer review meetings was subject to the Freedom of Information Act. The public can view information on research projects funded by NIH on the RePORT (Research Portfolio Online Reporting Tool) website located at <http://report.nih.gov>.

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

Reorganized Priorities
Reallocated resources

- Issued new regulation
- Proposed legislation
- Approved grants or other payments
- Other

Action Comments

An action of approved or recommended for grants receiving initial peer review by this committee does not infer that the grant will be or has been funded. Research grant applications submitted to NIH must go through a two-step review process that includes the initial peer review for scientific and technical merit and a second step of review and approval by a National Advisory Council for program relevance. In addition, prior to an award or funding being made, NIH staff must conduct an administrative review for a number of other considerations. These include alignment with NIH's funding principles, review of the project budget, assessment of the applicant's management systems, determination of applicant eligibility, and compliance with public policy requirements. After all these steps have been completed, NIH officials make funding decisions on individual grant applications.

Is the Committee engaged in the review of applications for grants?

Yes

What is the estimated Number of grants reviewed for approval 456

What is the estimated Number of grants recommended for approval 456

What is the estimated Dollar Value of grants recommended for approval \$1,133,813,355
