18e. Total Costs	\$0.00	\$0.00
19. Federal Staff Support Years (FTE)	0.00	0.00

20a. How does the Committee accomplish its purpose?

The Medicare Evidence Development & Coverage Advisory Committee (MEDCAC) reviews and evaluates medical literature, technical assessments, etc., and examines data and information on the effectiveness and appropriateness of medical services and items that are covered under Medicare or eligible for

coverage under Medicare. The Committee works from an agenda that lists specific issues and develops technical advice to assist the Centers for Medicare & Medicaid Services (CMS) in determining reasonable and necessary applications of medical services, items, and technologies. The Committee may be asked to develop recommendations about specific issues of Medicare coverage and/or to review and comment upon proposed or existing Medicare coverage policies. The Committee may also be asked to comment on pertinent aspects of proposals being considered under CMS's demonstration authority.

20b. How does the Committee balance its membership?

The members were selected from among authorities in clinical and administrative medicine, biologic and physical sciences, public health administration, health care data and information management and analysis, the economics of health care, medical ethics, and other related professions. The members include at large standing members, 10 of which are patient advocates and 10 of which are industry representatives. Members are selected based upon their individual qualifications and not solely as representatives of professional associations or societies. We wish to ensure adequate representation of those enrolled in the Medicare program including but not limited to, racial and ethnic groups, individuals with disabilities, and individuals from across the gender spectrum. Therefore, we encourage nominations of qualified candidates who can represent these lived experiences. The Committee includes underrepresented groups in clinical, administrative and medical sciences. The membership represent the North, South, East and West geographic areas

of the United States. Members serve staggered two-year terms and may serve up to eight years.

20c. How frequent and relevant are the Committee Meetings?

CCSQ, Coverage & Analysis Group has held, on average, two MEDCAC meetings per year. There was a virtual meeting held on May 21, 2024. We can have up to eight MEDCAC meetings per FY.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Committee provides advice on clinical coverage issues. No other organization has the appropriate range of clinical, scientific, and medical expertise to perform these functions.

20e. Why is it necessary to close and/or partially closed committee meetings?

No formal committee meetings have been closed to the public.

21. Remarks

*There are SGEs and representatives who have chosen not to receive payment. *There are some SGEs that chose only per diem and other SGEs chose compensation and per diem. * Several representatives have chosen to receive only hourly or daily compensation and other members chose hourly or daily compensation and travel and per diem. * The meetings have been held virtually; therefore, we have had no travel costs. * The members are allowed to choose their reimbursement, which includes daily compensation and travel and per diem. If a meeting is held in person, they are eligible for that compensation.

Designated Federal Officer

Leah Cromwell DFO

Number of Committee Members Listed: 95

Narrative Description

The primary role of the MEDCAC is to provide independent expert scientific advice to CMS in its evaluation of Medicare coverage and assist CMS in making sound decisions based upon the reasoned application of good science. The MEDCAC process encourages public interaction with CMS in gathering information that is utilized in arriving at Medicare coverage decisions, which supports CMS' goal of making the Medicare coverage decision process more open, participatory, transparent and understandable to the public.

What are the most significant program outcomes associated with this committee?

Checked if
Applies

Improvements to health or safety	<input checked="" type="checkbox"/>
Trust in government	<input checked="" type="checkbox"/>
Major policy changes	<input checked="" type="checkbox"/>
Advance in scientific research	<input checked="" type="checkbox"/>
Effective grant making	<input type="checkbox"/>
Improved service delivery	<input type="checkbox"/>
Increased customer satisfaction	<input checked="" type="checkbox"/>
Implementation of laws or regulatory requirements	<input type="checkbox"/>
Other	<input type="checkbox"/>

Cost Savings Comments

NA

What is the approximate Number of recommendations produced by this committee for the life of the committee?

184

Number of Recommendations Comments

The four new recommendations have not yet been implemented.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

51%

% of Recommendations Fully Implemented Comments

A little more than half of the recommendations have been fully implemented by the Agency.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

39%

% of Recommendations Partially Implemented Comments

Less than half of the recommendations were partially implemented by the Agency and we may be able to address additional issues in the future.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☒ No ☐ Not Applicable ☐

Agency Feedback Comments

CMS posts all material associated with the meetings on their website. Prior to the meeting the following documents are posted, the roster, agenda, speakers list, voting questions, and presentations. Following the meeting, the voting scores, meeting minutes, transcript and post meeting documents, such as guidance documents or NCDs are made available on their website. Also, an announcement of any new material posted to the website is sent out via the listserv.

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies
