20a. How does the Committee accomplish its purpose?

The Advisory Committee on Interdisciplinary, Community-Based Linkages (ACICBL) prepares annual reports, as directed in the statute, to be submitted to the Secretary of Health and Human Services (HHS); the Committee on Health, Education, Labor, and Pensions of the Senate; and to the Committee on Energy and Commerce

of the House of Representatives. The ACICBL will also, as needed, produce letters to the Secretary of HHS and to Congress on specific topics of interest that may be of a time sensitive basis and therefore, cannot be included in an actual report. Committee report submission is based on the calendar year.

20b. How does the Committee balance its membership?

The ACICBL is composed of up to 12 individuals who are health professionals from schools of the types described in Public Health Service Act sections 751(b)(1)(A), 753(b), and 755(b). At least 75 percent of the members are health professionals and include a broad geographic representation as well as a balance between urban and rural members. Members shall be appointed based on their competence, interest, and knowledge of the mission of the profession involved.

20c. How frequent and relevant are the Committee Meetings?

The ACICBL meets not less than three times each calendar year, per the Committee's authorizing legislation.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The nexus of the Committee's work is on interdisciplinary, community-based perspectives regarding traditional and non-traditional approaches to preparing a health workforce capable of utilizing the knowledge and competencies of all health professions disciplines to meet local and national health care needs. Collaboration, integrative partnerships, interprofessional service systems, and

comprehensive health care that integrates primary care with geriatrics and behavioral/mental health care are the working concepts the Committee members use to analyze existing education and training policies and render both strategic and statutory recommendations and advice to the Secretary of HHS, the Committee on Health, Education, Labor, and Pensions of the Senate, and the Committee on Energy and Commerce of the House of Representatives. There is no other standing Committee or source that can provide such inputs or perspectives on interdisciplinary health workforce development.

20e. Why is it necessary to close and/or partially closed committee meetings?

N/A. Meetings are open.

21. Remarks

No meetings were held in FY 2025, due to Department compliance with Executive Order 14217, which directed a pause of federal advisory committee activities.

Narrative Description

The ACICBL provides advice and recommendations on a broad range of issues dealing with programs and activities authorized under Title VII, Part D of the PHS Act, as amended by the Affordable Care Act. The ACICBL was created by Congress to provide advice and recommendations to the Secretary and to the Congress specific to HRSA Bureau of Health Workforce programs that support interdisciplinary, community-based training to include: Area Health Education Centers, Geriatrics, Allied Health, Chiropractic, Podiatric Medicine, the Quentin N. Burdick Program,

Mental and Behavioral Health Education and Training, Graduate Psychology Education, Addiction Medicine Fellowships, and Integrated Substance Use Disorder Training. The Committee is the single entity in existence which performs this function for the Department.
