20a. How does the Committee accomplish its purpose?

The Committee accomplishes its purpose by meeting to discuss and gather information on Federal, State, and local beginning farmer programs to prepare for a set of recommendations to be submitted to the Secretary of Agriculture on ways to increase assistance to beginning farmers and ranchers.

20b. How does the Committee balance its

membership?

The Committee consist of not less than 14 but no more than 20 members. The membership consists of a diverse group of individuals with experience in farming or in providing assistance to farmers.

They include representatives from State and private nonprofit beginning farmer programs, commercial lending, agricultural education institutions, USDA's Cooperative State Research, Education, and Extension Service, the Farm Service Agency, National Institute of Food and Agriculture, and several farmers and ranchers.

20c. How frequent and relevant are the Committee Meetings?

The Committee may meet in person, twice a year to publicly deliberate and craft recommendations; and may follow up virtually (public), as necessary, to finalize those recommendations. Funding and whether meetings are needed are always within the discretion of the Department.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Committee is statutory and is mandated by Congress to advise the Secretary on ways to encourage Federal and State beginning farmer programs to provide joint financing to qualified farmers and ranchers, methods of maximizing the number of new farming and ranching opportunities created through the programs, and other methods of creating new farming and ranching opportunities. The Committee was established because of Congressional concern over the average age of farmers in this country, and the need to create more opportunities for beginning farmers, thereby assuring a new generation of family farmers. The law required the Secretary to appoint members in a way that ensures a broad

range of knowledge relevant to the scope and mission of the committee.

20e. Why is it necessary to close and/or partially closed committee meetings?

N/A

21. Remarks

There were no meetings during FY2024.

Therefore, no new recommendations have been put forward (no members) in FY24. A cohort of 20 (18 representatives and 2 RGEs) comprise the Committee working on behalf of the beginning farmers and ranchers with plans of a meeting. The Committee is currently planning its first public meeting to be held in November (FY2025) as its members were appointed in July 2024.

Narrative Description

USDA's mission is to provide leadership on food, agriculture, natural resources, rural development and related issues based on sound policy, the best available science, and efficient management. USDA's FY 2022 – 2026 Strategic Plan reflects the

challenges and opportunities we face and outlines how we plan to meet this moment. It is guided by five crosscutting priorities that inform our work: addressing climate change via climate-smart agriculture, forestry, and renewable energy; advancing racial justice, equity, and opportunity; creating more and better markets for producers and consumers at home and abroad; tackling food and nutrition security while maintaining a safe food supply.
