20a. How does the Committee accomplish its purpose?

The Committee provides advice and recommendations to the Secretary of Veterans Affairs on the benefits and services to homeless Veterans provided by the Department. The challenges faced by homeless Veterans include matters that are related to Secretary's current priorities - many homeless Veterans experience increased risk of death by suicide, adverse outcomes related to opiate usage; and face difficulty getting access to mental and physical healthcare. The recommendations of the Committee are framed within the context of providing greater choice, modernizing systems, increasing efficiency, improving timeliness, and preventing suicide. Efforts to improve delivery of VA services along those identified priorities all organically serve to improve outcomes for homeless Veterans. The Committee is authorized to conduct analyses and develop additional reports or other materials. Not later than March 31 of each year, the Committee shall submit a report to the Secretary on the programs and activities of the Department that relate to homeless Veterans. The Committee reviews deliberations of other entities including Interagency Council on the Homelessness. Many of the issues brought to the attention of the Secretary and Congress have been addressed. The Committee and the Department share a common mission to ensure all Veterans, regardless of gender, age, race, or disability, are provided with programs and services to aid their rehabilitation and reintegration into society as fully functioning citizens. The Committee and the Department continue the sacred duty to reach out and assist these Veterans in their immediate and long-term efforts to rejoin society. The Committee ensures the gains made will continue and the Department continues its efforts to coordinate with its community partnerships to create new employment and housing initiatives.

20b. How does the Committee balance its membership?

Members selected are experts knowledgeable in the treatment of mental illness and

substance abuse disorders as well as those adept at developing permanent housing alternatives for lower income populations. Additional experts selected by the Secretary include State Veterans' Affairs officials, community-based service providers, advocates of homeless Veterans and homeless individuals in both the civilian and Veteran population. Members are selected with equitable geographic, ethnic and gender representation. One member is a former senior official at the Department of Housing and Urban Development. Members from other federal agencies (which included but was not limited to, the Department of Housing and Urban Development, Health and Human Services, Department of Labor, and the Department of Education) serve as Ex-Officio Members.

20c. How frequent and relevant are the Committee Meetings?

The Committee meets in person at least 2 times per year. The meetings provide opportunities to closely review VA services for homeless Veterans, interagency coordination to provide additional services, and site visits to allow members to personally assess the delivery of certain homeless services. In FY 2018, the Committee held three meetings -- December 1, 2017 via telecom; April 11-12, 2018 in Washington, DC; and September 26-27, 2018 in San Francisco, CA. On April 11, 2018 and April 12, 2018, the Committee convened an open session at the Department of Veterans Affairs, 810 Vermont Avenue, NW (Room 230), Washington, DC, from 8:00 a.m. to 5:00 p.m. The agenda included annual ethics training and briefings from officials at VA and other agencies regarding services for homeless Veterans. On September 26, 2018, the Committee convened an open session at the War Memorial 401 Van Ness Avenue (Room 210), San Francisco, CA from 8:00 a.m. to 5:00 p.m. The agenda included briefings from officials at VA and other agencies regarding housing strategies to address Veteran homelessness. On September 27, 2018, the Committee convened closed site visits from 8:00 a.m. to 11:30 a.m., as it toured the Stanford Hotel, 250 Kearny Street San Francisco, CA and the Navigation Center, 15th & Mission Streets, San Francisco, CA. These site visits were closed in accordance with 5 U.S.C Sec. 552b(c)(6) to protect Veterans' privacy and personal information. The Committee also discussed potential topics for its upcoming annual report and recommendations to the Secretary of Veterans Affairs.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

Decreases in the number of homeless Veterans have been encouraging. This Committee, comprised of homeless service providers, a formerly homeless Veteran, subject matter experts in the fields of healthcare, research and housing, provides input on investments in effective strategies like rapid re-housing and permanent supportive housing, along with unprecedented collaboration between VA, other Federal partners and community agencies, have yielded substantial reductions in Veterans homelessness. The Committee

realizes that finishing the job will require continued investment in Veteran-centric housing and health programs, the widespread adoption of evidence-based best practices, such as Housing First, and greater linkages to employment and other community based resources. The advice provided by this committee comes from their own real world experiences.

20e. Why is it necessary to close and/or partially closed committee meetings?

The Committee meetings are open to the public; however, when the Committee conduct site visits to homeless programs or tour a VA facility, the meeting is closed to protect Veterans' privacy and personal information.

21. Remarks

The Advisory Committee on Homeless Veterans supports Goal 2: Veterans receive timely and integrated care and support that emphasizes their well-being and independence throughout their life journey.
