20a. How does the Committee accomplish its purpose?

The Council studies the operation of the Supplemental Nutrition Program for Women, Infants and Children (WIC) and related programs such as the Commodity Supplemental Food Program (CSFP) and makes recommendations to the programs for how they may be improved as deemed appropriate.

20b. How does the Committee balance its membership?

Categories of membership are specified by law. To assure a balance of differing views. The Council members are drawn from Federal, State and local governments, industry and organizations with a common interest in the management of WIC and CSF Programs, including parent participants in both programs. To the extent possible, the Council has ethnic, racial, geographic, and sexual balance.

20c. How frequent and relevant are the Committee Meetings?

The Charter expired on 10/25/18. No meetings were held since FY 2019.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Council was established during the developmental stage of the WIC Program for the purpose of studying the program to see how it might be improved. The program is well established and the Council work has become redundant due to ongoing Federal /State meetings which provide input to the Departments, as well as the establishment of advisory councils by some States, advocacy groups, State agency program evaluations and particularly from the National WIC Association (NWA).

20e. Why is it necessary to close and/or partially closed committee meetings? N/A

21. Remarks

The Council is currently administratively inactive with request Congress for Termination. The committee's work has become obsolete. The 2014 Farm Bill transitioned CSFP to an elderly-only program which further reduced the scope of programs that the Council can study. Cost associated to committee is for staff reporting.

Designated Federal Officer

Pascasie Adedze DFO
