18d. Total	\$164,916.00	\$0.00
19. Federal Staff Support Years (FTE)	0.00	0.00

20a. How does the Committee accomplish its purpose?

The purpose of the Committee was to offer assessments and recommendations on:1) trends and developments in the natural, engineering, and social sciences and practices of windstorm impact mitigation;2) the priorities of the National Windstorm Impact Reduction Program's (Program) Strategic Plan;3) the coordination of the Program;4) the effectiveness of the Program in meeting its purposes under section 204 (42 U.S.C. § 15703) of the National Windstorm Impact Reduction Act of 2004, as amended, (Public Law 114-52 § 3), and 5) any revisions to the Program which may be necessary. The Committee will develop a plan at their first meeting to develop these recommendations. The members of the Committee have not yet been established, and the first meeting has not yet been held, but is anticipated to be in late February, 2017.

20b. How does the Committee balance its

membership?

Public Law 114-52 specifies that the Committee be composed of at least 7 and not more than 15 members who are qualified to provide advice on windstorm impact reduction and represent related scientific, architectural, and engineering disciplines, including: 1) representatives of research and academic institutions; 2) industry standards development organizations; 3) emergency management agencies; 4) State and local government; and 5) business communities, including the insurance industry.

20c. How frequent and relevant are the Committee Meetings?

The Committee met six times in five months to plan, draft and complete their report before the statutorily required termination date.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Committee is statutorily required.

20e. Why is it necessary to close and/or partially closed committee meetings?

Not Applicable

21. Remarks

Public Law 114-52 specifies that the National Advisory Committee for Windstorm Impact Reduction (NACWIR) will terminate on September 30, 2017. Cost is much higher than estimated due to having an additional three meetings to those already planned, in order to meet the expedited timeline to accomplish the mission of the committee by September 30, 2017.

Designated Federal Officer

Howard H. Harary Director, Engineering
Laboratory, NIST

What is the approximate Number of recommendations produced by this committee for the life of the committee?

14

Number of Recommendations Comments

Eleven (11) recommendations were made to improve the National Windstorm Impact Reduction Program (NWIRP) draft Strategic Plan and three (3) were made to improve the efficiency and effectiveness of the NWIRP. The recommendations to improve the draft NWIRP Strategic Plan include: 1) Adding a strategic priority; 2) Strengthening nine of the objectives; and 3) Adding an additional objective. The three recommendations to improve the efficiency & effectiveness of the program include: first, conducting research on public policy approaches to reducing windstorm damage and fatalities; second, expanding the program to consider the full extent of risks and damage associated with land falling hurricanes; and third, an over-arching recommendation, placing additional emphasis on existing buildings in the draft NWIRP Strategic Plan represents the importance given by the Committee to consider existing buildings, as evidenced by the recommendation to add an 8th Strategic Priority in the Strategic Plan and the reference to existing buildings in several of the recommendations to strengthen the objectives.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

The report was received by the NIST Director on September 29, 2017, so there has not been sufficient time to implement any of the recommendations. The Draft Strategic Plan is currently being re-written to include comments of the NACWIR, as well as public comments. The document will then be discussed by the NWIRP Interagency Coordinating Committee before implementation will begin. Implementation will not begin before calendar year 2018.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

The report was received by the NIST Director on September 29, 2017, so there has not been sufficient time to implement any of the recommendations.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☐ No ☐ Not Applicable ☒

Agency Feedback Comments

Not Applicable

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

Reorganized Priorities	<input type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input type="checkbox"/>
Other	<input type="checkbox"/>

Action Comments

Not Applicable. No action will be taken until recommendations are discussed with the

Interagency Coordinating Committee.

Is the Committee engaged in the review of applications for grants?

No

Grant Review Comments
