**20a. How does the Committee accomplish its purpose?**

The President's Advisory Council on Financial Capability will report to the President, through the Secretary of the Treasury, on the status of financial capability in the United States; progress made in implementing the Federal government's policy to encourage financial capability among the American people; and recommended means to further implement the Federal government's policy to encourage financial capability among the American people. Where appropriate in providing advice and recommendations, the Council shall take into consideration the particular needs of traditionally underserved populations.

**20b. How does the Committee balance its membership?**

The President's Advisory Council on Financial Capability is composed of non-governmental representatives with relevant backgrounds, such as financial services, consumer protection, financial access, and education. The composition of the Council reflects the views of diverse stakeholders.

**20c. How frequent and relevant are the Committee Meetings?**

Estimated Number of Meetings per Year - 3

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

To help keep America competitive and assist the American people in understanding and addressing financial matters, and thereby contribute to financial stability, it is the policy of the Federal Government to promote and enhance financial capability among the American people. The role of the President's Advisory Council on Financial Capability is to advise the President and the Secretary of the Treasury on means to promote and enhance individuals' and families' financial capability.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

N/A

**21. Remarks**

Executive Order 13530 expired on Jan 29, 2013. A decision was made not to continue the committee.

**Designated Federal Officer**

Louisa M. Quittman Director, Office of Financial Education

**Narrative Description**

One of the goals of the Department of the Treasury is to strengthen every aspect of the financial system. That means not only strong reforms and consumer protections, but also improved financial capability. The Obama Administration is committed to expanding the financial tools and education available to every American to help ensure that families are more secure for their financial futures. Whether it's homeownership, personal savings, or retirement planning, the financial well-being of every household can impact its community - and the financial well-being of the United States' communities is critical to national financial stability. The President's Advisory Council on Financial Capability will advise the President and the Secretary of the Treasury on means to promote financial capability among the American people, and thereby contribute to financial stability.
