**20a. How does the Committee accomplish its purpose?**

The committee provides technical advice and recommendations to DOT. The committee provides perspectives on the implementation and refinement of the study approach; provides expert guidance on transportation-sector information needs and potential climate change impacts; reviews the synthesis of climate data, status and trends analyses, and scientific literature relevant to the project; and reviews and comments on data products and preliminary findings at the request of DOT to help develop the S&A Draft Product Report.

**20b. How does the Committee balance its membership?**

The committee is comprised on 14 members representing scientists, educators, experts, and representatives of state and local governments and other organizations engaged in transportation decision-making and related matters.

**20c. How frequent and relevant are the Committee Meetings?**

The committee will meet at least once, but additional meetings may be called as deemed necessary by the DFO to fulfill its purpose. The members will meet to discuss the study design, research methodology, data sources and quality, and study findings of the S&A Draft Product.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

The committee is necessary to assist DOT in developing a draft CCSP Synthesis and Assessment Product.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

All meetings will be open to the public, except as provided under FACA.

## 21. Remarks

The Gulf Coast Study FAC has completed its work and the report has been issued by the Climate Change Science Program.
