20a. How does the Committee accomplish its purpose?

The Monument Advisory Committee met once in FY-2006. The primary focus of this meeting is the continued development of recommendations towards the development of the range of alternatives for the Monument plan. These recommendations represent input from a wide range of interests (e.g., Committee member constituents, general public, local organizations). These recommendations will be instrumental in developing draft plan that represents a broad and diverse set of local, regional and national concerns.

20b. How does the Committee balance its membership?

The Advisory Committee will be composed of 11 members from, or within reasonable proximity to, southwest Colorado. Categories of interest they represent include 1) Montezuma County Commission Representative; 2) Dolores County Representative; 3) Two Tribal/Pueblo Representatives; 4) Two Cultural Resource Representatives; 5) Livestock Grazing Permittee; 6) Fluid Minerals Development Representative; 7) Private Adjacent Landowner; and 8) Two Representatives of Statewide Perspectives.

20c. How frequent and relevant are the Committee Meetings?

The Committee only meets when there are relevant items for them to discuss and potentially develop recommendations on.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The Monument is critical to sustaining the economy of southwest Colorado. In addition, the Monument attracts local, regional, national, and international visitors. Through the partnership between the BLM and the community, local, regional and national needs will be addressed commensurate with natural and cultural resource management for long-term benefit. Previous outreach efforts have involved a diverse community of groups interested in the management of public lands. These efforts have been valuable in focusing on key public land and resource management issues and in encouraging cooperation and dialogue among the interest groups.
