20a. How does the Committee accomplish its purpose?

The DoD Retirement Board of Actuaries determines the normal cost percentages that DoD must contribute for its full-time and part-time military members. This information is communicated from the Board in a letter to the USD(Comptroller). The retirement accrual runs close to 5% of the DoD budget. The Board also specifies the amortization contribution to the Military Retirement Fund from the General Treasury to be made each October 1. The Board also determines the full-time and part-time normal cost percentages contributed to the Fund by the

General Treasury to pay for the Concurrent Receipt benefits contained in NDAA 2004. The Board sends a letter to the SecDef, who in turn requests payment from Treasury. The Retirement Board also determines contributions to the Voluntary Separation Incentive Fund. This information is also communicated by the Board in a letter to the SecDef.

20b. How does the Committee balance its membership?

All three Board members are Fellows of the Society of Actuaries. Membership in the Society of Actuaries is a requirement in Public Law 98-94, which established the Board in 1984. The three members are experts in the technical aspects of pension plans and other fringe benefits. There is no particular point of view represented other than sound funding of pension benefits.

20c. How frequent and relevant are the Committee Meetings?

The Retirement Board holds one open meeting annually. These meetings are necessary to promulgate the unfunded liability payments and normal cost percentages to be used in calculating the accrual cost contributions into the Military Retirement Fund. At these meetings, the Board also determines the annual contribution to the Voluntary Separation Incentive Fund. Issues affecting military retiree and survivor benefits are also discussed.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

Public Law 98-94 established a three-member DoD Retirement Board of Actuaries. The Board members generally come from private industry, where they earn extremely high salaries for their

level of expertise. The Board members are paid at the hourly rate of a GS-15, Step 10, which is far below what we would have to pay consultants for the same advice.

20e. Why is it necessary to close and/or partially closed committee meetings?

All meetings of the Board are open.

21. Remarks

Section 906 of Public Law 110-181 terminates the committee and merges its functions into a new advisory committee. During this fiscal year the committee held no meetings, and did not provide any advice or recommendations to the government's decisionmaker.

Narrative Description

The DoD Retirement Board of Actuaries is tasked with advising the Secretary of Defense on all actuarial matters necessary to make determinations on the Military Retirement Fund in order to finance liabilities of the Fund on an actuarially sound basis. The mission of the Board is to assist and advise the President, the Secretary of Defense, and the Congress on actuarial matters associated with

the Fund.

Cost Savings Comments

The Board provides a valuable and necessary service to the Military Retirement Fund at a fraction of what these services would cost in the private sector.

What is the approximate Number of recommendations produced by this committee for the life of the committee?

Number of Recommendations Comments

The Board recommended in its most recent report to the President and Congress that DoD be required to pay for all retirement-related benefit increases rather than turning that responsibility over to Treasury. They also recommended that Treasury's participation in the gain/loss amortization be phased out in future.
