**20a. How does the Committee accomplish its purpose?**

The Commission holds periodic meetings during which they consider staff papers on subjects that they have directed the staff to research and prepare recommendations. During these meetings the Commission holds public sessions that permit the general public to address their concerns to the Commissioners .

**20b. How does the Committee balance its membership?**

The Commission was set up by P.L. 104-333. Section 13 (b) the members of the Commission shall include-- 1) the Secretary of the Interior, or designee; 2) the Secretary of the Army, or designee; 3) the Chairman of the Tennessee Valley Authority, or designee; 4) the Secretary of Agriculture, or designee; 5) a person nominated by the National Governors' Association; 6) four persons familiar with the interests of the recreation and tourism industry, conservation and recreation use, Indian Tribes, and local governments, at least one of whom shall be familiar with the economics and financing of recreation related infrastructure.

**20c. How frequent and relevant are the Committee Meetings?**

The Commission will meet every other month.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

The Congress has directed it by P.L. 104-333, Section 1021. The Congress finds that the Federal Government, under the authority of the Reclamation Act and other statutes, has developed manmade lakes and reservoirs that have become a powerful magnet for diverse recreational activities and that such activities contribute to the well-being of families and individuals and the economic viability of local communities. The Congress further finds in order to further the purposes of the Land and Water Conservation Fund, the President should appoint an advisory commission to review the current and anticipated demand for recreational opportunities at federally-managed manmade lakes and reservoirs through creative partnerships involving Federal, State, and local governments and the private sector and to develop alternatives for enhanced recreational use of such facilities.

**20e. Why is it necessary to close and/or partially closed committee meetings?**

The Commission will not hold any closed meetings.

**21. Remarks**

The Commissioners have different beginning dates as the four Federal Commissioners were appointed at the filing of the Commissioner Charter on 4/4/97 and the others were appointed at a different time by the White House.
