20a. How does the Committee accomplish its purpose?

The Committee was established on August 2, 1996. No meeting have been held. Me have not yet been appointed.

20b. How does the Committee balance its membership?

Members will represent diverse regional, ethnic and professional backgrounds, including the fields of health care delivery and finance, the health workforce and training of the workforce, public health and the special needs of disadvantaged populations and representatives of the general

public.

20c. How frequent and relevant are the Committee Meetings?

Meetings will be held at least twice a year. This is a critical time of change for public health at the federal level - in coordination with changes occurring at-state and local levels. Both internally and externally, HRSA has implemented or is planning to initiate new approaches and streamlined organizational structures to serve the Nation's public health needs. The Committee provides a crucial bridge to the public and to experts who can advise the Administrator and Agency during this challenging and important time period.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

HRSA is undergoing strategic changes in mission and program activities, as well as internal administrative streamlining. It is imperative that the Administrator have available to him the thought and recommendations of experts in public health, administration and policy development. Many of the most relevant individuals who can offer guidance and insight are located outside of the Agency and Department. It is therefore a priority for the Administrator to organize an advisory committee to serve in an advisory capacity.

20e. Why is it necessary to close and/or partially closed committee meetings?

All meeting are open to the public.

21. Remarks

Designated Federal Officer

Douglas Lloyd
