The Council recommended actions to help preserve trail resources, improve working relationships with trail partners and others; recognized outstanding contributors to the trail; and improved quality at specific trail project sites. The Council reviewed and commented on several planning and research documents, route location issues, and draft publications, vastly improving the accuracy and content of the finished product..

20b. How does the Committee balance its membership?

As prescribed in the enabling legislation, the Council was composed of (1) the head (or designee) of each Federal department or independent agency administering lands through which the trail route passes; (2) a member representing each State through which the trail passes (appointed from recommendations of the Governors of such States); and (3) one or more members representing private organizations, including corporate and individual landowners and land users, that in the opinion of the Secretary of the Interior, have an established and recognized interest in the trail (appointed from recommendations of the heads of such organizations).

One annual meeting was generally sufficient to review the past year's performance, identify goals and objectives and collectively address special issues or concerns of the public.
