Narrative Description

SOCAC provides advice to the U.S. Secretary of Transportation, through the FAA Administrator, on policy-level issues facing the aviation community that are related to FAA safety oversight and

certification programs and activities, including issues outlined in Public Law 115-254. "Outcome Improvement to Health and Safety" and "Outcome Major Policy Changes" are no different from 2021, because the committee did not perform or submit any work that would have resulted in improvement to health and safety or major policy changes in FY 2022.
