20a. How does the Committee accomplish its purpose?

The CISA Cybersecurity Advisory Committee shall develop, at the request of the CISA Director [hereinafter referred to as the "Director"] and incorporating guidance where applicable from the Secretary of Homeland Security [hereinafter referred to as the "Secretary"], recommendations on matters related to the development, refinement, and implementation of policies, programs, planning, and training pertaining to the cybersecurity mission of the Agency.

20b. How does the Committee balance its membership?

The Committee shall be composed of up to 35 individuals. Members are appointed by the Director. The DFO will coordinate with the DFO for the HSAC to ensure that individuals selected for appointment to the Committee are not presently or under consideration to be members of the HSAC. In order for the Director to fully leverage broad-ranging experience and education, the CISA Cybersecurity Advisory Committee must be diverse, with regard to professional and technical expertise, and in reflecting the diversity of the nation's people. These members shall consist of subject matter experts from diverse and appropriate professions and communities nationwide, be geographically balanced, and shall include representatives of State, local, tribal, and territorial governments and of a broad and inclusive range of industries. The CISA Director may, at their discretion, select members with a background in cybersecurity issues relevant to CISA policies, plans, and programs. Specifically, membership may, at the CISA Director's discretion, include at least one, and no more than three, representatives from the following industries recommended in the authorizing statute: i. Defense; ii. Education; iii. Financial services and insurance; iv. Healthcare; v. Manufacturing; vi. Media and entertainment; vii. Chemical; viii. Retail; ix. Transportation; x. Energy; xi. Information Technology; xii. Communications; and xiii. Other relevant fields identified by the Director. The term of each member shall be two years, except that a member may continue to serve until a successor is appointed. Appointments are personal to the member and cannot be transferred to another individual or other employees of the member's

organization of employment. A member may be reappointed for an unlimited number of terms. The Director may review the participation of a member of the CISA Cybersecurity Advisory Committee and remove such member any time at his/her discretion to include for violation of established responsibilities as outlined in sections III.6 and III.7 of the committee's bylaws. Members of the CISA Cybersecurity Advisory Committee may not receive pay or benefits from the United States Government by reason of their service on the Advisory Committee.

20c. How frequent and relevant are the Committee Meetings?

CISA Cybersecurity Advisory Committee meetings will be held semiannually, at a minimum, to address matters within the scope of this Charter. Meetings may be held more frequently, or as necessary and appropriate, to address mission requirements. Meetings shall be open to the public according to the FACA unless a determination is made by the appropriate DHS official in accordance with DHS policy and directives that the meeting should be closed in accordance with Title 5, United States Code, subsection (c) of 552b. At least one meeting per year will be open to the public.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

The CISA Cybersecurity Advisory Committee shall develop, at the request of the CISA Director [hereinafter referred to as the "Director"] and incorporating guidance where applicable from the Secretary of Homeland Security [hereinafter referred to as the "Secretary"], recommendations on matters related to the development, refinement, and implementation of policies, programs,

planning, and training pertaining to the cybersecurity mission of the Agency.

20e. Why is it necessary to close and/or partially closed committee meetings?

N/A

21. Remarks

In fiscal year 2022, the Cybersecurity Advisory Committee completed the member appointment process, initiated holding meetings, stood up subcommittees, and issued reports with recommendations.
